

Sarcococca humilis

Fragrant Valley

Sidhu & Sons Nursery

'Fragrant Valley' Sweet box is a beautiful low shrub that thrives in shade and humus-rich soils. In the early spring delicate fragrant flowers contrast with their broad glossy green leaves. 'Fragrant Valley' is the most cold hardy form of *Sarcococca* and grows 18"-24" tall. This slow grower spreads by suckering and has narrower longer leaves than other forms of the species.

Common Name

Himalayan Sweet Box

Variety

Fragrant Valley

Zone

Zone 5

Mature Size

2'H x 4'W

Bloom Time

December - February

Plant Type

Groundcovers
