

Vaccinium corymbosum

Pink Popcorn™

 Royalty Fee

'Pink Popcorn' Blueberry produces pink-when-ripe-fruit, early to mid season. The medium sized berries are light pink with a darker pink blush. Their flavor and aroma are classic blueberry.

Summer foliage is a soothing green, followed by red Autumn shades.

Best when interplanted with other Northern Highbush varieties such as 'Bluejay' or 'Northland'. Best fruit production in full sun with acid soil, with regular water and fertility.

Needs 800+ chill hours to set fruit.

Very wildlife friendly.

Very pollinator friendly.
