Flame Seedless is a vigorous, deciduous, woody, vine, with bold-textured, green foliage. It is grown for its medium-size clusters of round red fruit, with firm, crisp texture and excellent flavor. This is the red seedless grape most commonly found in grocery stores. Ripens early season.

Best fruiting in full sun, in well drained soil, but tolerates light shade & heavier soils. Good drainage is a must, and protection from harsh winds.

Relatively wildlife & drought tolerant after establishment.

Very pollinator & wildlife friendly.
