

Calamagrostis x acutiflora

Karl Foerster

2001 PPA Perennial Plant of the Year

An upright, cold hardy, warm-season grass that crowns itself with airy purplish flower panicles in early summer. The flowers turn a rich tawny color by late summer and persist through winter. One of the most popular of the ornamental grasses, and deservedly so. 2001 Perennial Plant of the Year. 5' + x 2' +

Common Name

'Karl Foerster' Feather Reed Grass

Variety

Karl Foerster
