

Molinia caerulea

Skyracer

Molinia 'Skyracer' is a dense, upright, warm season perennial grass with long narrow leaf blades forming clumps up to 3' in height. In mid summer, produces tall (up to 8') flower stalks. Fall color is golden yellow.

Selected by ornamental grass pioneer Kurt Bluemel. Native to moist regions of Europe and Asia, including moors, heaths, bogs, and lake shores.

Hardy to USDA zone 5. Prefers moist, but well drained soils in full sun. Drought tolerant once established.
