

Ficus carica

Fignomenal® PP32,537

Peace Tree Farm

Royalty Fee

Ficus Fignomenal® PP32,537 has an extremely dwarf and low-mounding habit which is perfect for urban gardening, indoors as well as outdoors. The sweet, medium-sized figs are deep brown on the outside and pink-red on the inside. This phenomenal fig produces fruit throughout the year and requires little maintenance. In addition to that, it has low insect pressure.

Fignomenal® grows up to 28" high and wide. Rated as hardy to USDA zone 7, but is suspected to be much hardier than zone 7 since the plant was discovered as a naturally occurring branch mutation of zone 5 hardy 'Chicago Hardy.'
